Objective

Enthusiastic **Computer Science undergraduate at UET** with a strong foundation in **programming, data structures, and software engineering**. Currently gaining hands-on experience as a **Frontend Developer Intern at Arch Technologies** and a **Web Developer Intern at CodeAlpha**, where I build responsive UIs and collaborate on real-world projects. Passionate about **front-end development** (HTML, CSS, JavaScript) and eager to leverage my academic knowledge and internship experience to contribute to innovative solutions at **IREG-IT**. Seeking an internship to further refine my skills and drive impactful results.

Areas of Expertise

Hard skills

- Programming Languages (Python, C++)
- Web Development (HTML, CSS, JavaScript)
- Databases (MySQL)
- Tools (Github, Visual Studio, Canva)

Soft Skills

- Effective Communication
- Team Collaboration
- Problem-solving
- Leadership

Education

BS Computer Science	University of Engineering and Technology, Lahore	Sep 2023
Pre-Engineering	Royal College of Science for Girls, Narowal	2021 - 2023

Project Descriptions

Real Estate Website (Frontend)

- Developed responsive property portal using HTML5, CSS3, and Bootstrap with location-based search, map integration, and saved search history
- Improved property discovery speed by 30% through optimized filters and one-click agent contact forms

Ice Cream Parlor Management System

- Developed real-time C#/MySQL desktop app with role-based access (manager/employee/distributor), featuring order processing, inventory tracking, customer feedback system, and bill printing.
- Implemented full-stack architecture with WinForms frontend and MySQL database backend, including API integrations for sales analytics and automated inventory updates

Console-Based

- Pizza Delivery System: Managed orders, tracked deliveries, and handled customer feedback.
- Flight Booking System: Enabled flight searches, ticket bookings, and itinerary management.
- Coin Collector Game: Developed a multiplayer game with real-time score tracking, displaying win/lose/tie results and player rankings

Leadership & Extracurricular Activities

- **Volunteer, National Conference on Economy**
University of Engineering & Technology (UET) Lahore
Actively contributed as a member of the management team for the National Conference on Economy, assisting in organizing event.
- **Graphic Designer, UET Literary Society**
University of Engineering & Technology (UET) Lahore
Designed promotional materials, including posters and digital content, for literary events.
